Our Vision

We want to create a universally sustainable business process that not only encourages, promotes, and supports "GO GREEN," but also helps make the world a better place for the generations that come after us and brings awareness to the global market. In doing so, we hope to make the world a better place for future generations.

Our Mission

Our goal is to provide environmentally friendly, biodegradable tableware produced from the sheaths of the areca palm tree and establish ourselves as a world-class leader in ethics, tradition, and innovation.

Our Solutions

- Areca leaf plates are an ideal replacement for items based on plastics or polymers, as well as paper-based products.
- These plates are made entirely naturally.
- We are not using chemicals, lacquers, glues, bonding agents, or anything hazardous, to keep your dinner and the world safe.
- Biodegradable palm leaf disposables of the highest possible quality at a reasonable price.
